

# Seven-times CEO Loves Me Chapter 6 To 10

---

## C6 Get ready to run

After Di Hao Tian loosened his grip, a tooth mark instantly appeared on his neck. As if it was the clean fragrance that flowed into his body, Di Hao Tian applied it again. That feeling was like the comforting of a wild beast, it was still a danger that couldn't be ignored.

I want to swallow her up.

First it was pain, then it was numbness. Tang Bao's face flushed red, unable to bear the pain.

"No? Didn't you hit the wall pretty hard last night? "

"I... I won't next time. " Tang Bao did not know that she could provoke him even if she crashed into a wall.

"Next time?" Di Hao Tian's teeth were pressed against his arteries, as though a gaping mouth would contain the danger of having his fangs pierced.

"Ugh ..." "There won't be a next time ..."

"That's more like it."

Only after she finished making such threats did Di Hao Tian let her go. Tang Bao's face turned red and her breathing quickened.

Seeing that Di Hao Tian was about to enter the bathroom, Tang Bao asked: "I don't have any clothes on, I want to go home and get my clothes." She didn't want to stay here, she actually wanted to run.

"In the cloakroom." After Di Hao Tian finished speaking, he entered the bathroom as if he did not notice Tang Bao's thoughts.

Tang Bao suspiciously walked into the cloakroom and was immediately flabbergasted. The cloakroom was exactly like her living room.

Tang Bao's family was originally a villa, and the living room was not small, but it was actually comparable to Di Hao Tian's cloakroom. Half of it was male and the other half female.

In the frame drawer were all male watches, even limited edition ones at sky-high prices. Tang Bao was dazzled by what she saw. She truly felt the difference between her and Di Hao Tian. In front of the Di Clan, the Tang Family was like a poor man in a rich world.

He walked to the ladies' area. [www.onlinefreenovels.com](http://www.onlinefreenovels.com)

Can she wear these women's clothes? Whose clothes? The rest of Di Hao Tian's women stayed in the house?

Don't think about who this was prepared for, Tang Bao needed to cover up before thinking about going home.

In a panic, he put on his clothes and found that they fit him perfectly. Not to mention clothes, even the cup was exactly the same as hers.

He tiptoed out of the room.

He ran to the big European doors and ran without looking back.

Di Hao Tian, who was dressed neatly, took out a watch from the cabinet and put it on his wrist. He Jue appeared outside the cloakroom: "Young Master Di, Young Mistress has returned to his mother's house."

"It just so happens that I need to go home after my marriage. "Get ready." Di Hao Tian was neither anxious nor impatient, he was not worried that his little thing would run away.

"Yes." He Jue was not anxious, he accepted the order and left.

After Tang Bao ran home, she went into her room. She opened the cabinet, pulled out the suitcase and began to load the clothes into it.

With Di Hao Tian's power, finding her home was an easy task, so she had to go out and hide. Hopefully, Di Hao Tian would be angry enough to divorce her and she would be free.

Tang Bao lowered her head and arranged her clothes. She didn't even need to look to know that it was Tang Ru Yi.

"Did you hear what I said? Have you done something shameful outside and prepared to escape? "

"I'm going on a trip." Tang Bao didn't want to argue with her.

"Travel?" Tang Ru Yi expressed his doubt. Then, with her sharp eyes, she discovered that Tang Bao was wearing a pink diamond ring that was as big as a pigeon egg on his ring finger.

You even said that you didn't do anything bad. Did you steal something again? "Where did you steal it?"

Embarrassment flashed across Tang Bao's face, she quickly retracted her hand and pushed Tang Ru Yi away, "Don't speak nonsense!"

## C7 Why did it stop?!

"Nonsense, aren't you such a person?" Tang Bao, you better give me the diamond ring, or else I'll tell dad, saying that you are stealing things outside again. "

"If you want to be happy, then go and tell me. I don't care anyway." Tang Bao closed the chest, zipped it up and prepared to leave.

However, his hand was grabbed by Tang Ru Yi.

"What are you doing?" What a lunatic! " Tang Bao was furious.

Tang Bao could not throw off Tang Ru Yi's brute force no matter what, so she grabbed the table lamp and smashed it towards Tang Ru Yi's head.

"En!" Tang Ru Yi fainted on the ground.

Tang Bao was anxious to avoid Di Hao Tian's escape from the start, and insisted on wasting her time with her.

Don't think that she wouldn't dare to do anything to her. If she wasn't happy, she would smash herself.

He took advantage of the fact that there was no one at home, didn't ask around, and ran away with his luggage.

Why didn't Tang Bao want to give the diamond ring to Tang Ru Yi? What a joke, Di Hao Tian's diamond ring must be very valuable.

She had to get the money ready before she ran away.

Pawnshop –

"How much is it worth?" Tang Bao handed the diamond ring over to the boss.

"How much is it worth?" Tang Bao didn't have time to wait and impatiently asked.

"Fifty thousand." The owner held out five fat fingers.

"So little?" Boss, are you trying to trick me? " Tang Bao asked in disbelief.

Di Hao Tian's wealth could even fill up the sea, so how could a wedding diamond ring possibly be worth this little?

"You see, this pink diamond is fake. Have you ever seen a pink diamond? And it's so big? It's already good enough for me to give you 50,000. "

Tang Bao was in a hurry to leave. She was afraid that Di Hao Tian would find her, so she sold the diamond ring at the price of fifty thousand.

The limousine drove steadily on the road, followed by the bodyguard's car. It was a formidable array.

"Bring it back." Di Hao Tian's eyes darkened.

"Yes."

"It's worth fifty thousand dollars. With that kind of vision, you don't even need to open your shop anymore. " Di Hao Tian's black eyes were like a cold pond, causing people to tremble with fear.

"Understood." He Jue.

However, he should not have provoked Di Hao Tian. Even if he had to go against Di Hao Tian, his future prospects would be ruined.

For some reason, Tang Bao felt uneasy after getting on the train. Even though the train was already moving, it was still the same.

Looking around the carriage, the passengers were talking, the cellphone players were playing, and the children were playing and being stopped by the adults.

What a common phenomenon.

Just when Tang Bao felt that her worries were unnecessary, she saw a few black off-road vehicles beside the window, fast and strong like cheetahs. At the same speed as the train.

Even more frightening was the fact that the train gradually slowed down.

Tang Bao was so scared that she turned stupid.

Immediately ask the flight attendant: "What's going on? Why did you stop? "

Before the flight attendant could say anything, the broadcast began, "Dear passengers, due to the suspension of the train for a few minutes, I apologize for the inconvenience ..."

What was the reason?

The train stopped, and when the door opened, Tang Bao ran out with the luggage.

## C8 Don't take it down again

Ye Zichen stared blankly at the bodyguards in front of him who blocked her path.

He Jue walked forward and handed over his phone: "Young madam, a call from Young Master Di."

Di Hao Tian's intimidating low voice came from inside: "Baby, where are you still going?"

"Di Hao Tian, I don't want to marry you! How many women want to marry you? Can't you marry someone else? "

"I want to see you within five minutes, or I'll destroy everyone you care about. Don't doubt my words." An undisguised threat came over.

Tang Bao was shocked speechless. Since Di Hao Tian was able to marry her, he definitely knew about the people around her like the back of his hand. Moreover, no one in the imperial city dared to offend Di Hao Tian's ruthless methods.

This man was a devil!

"I'm going back now." After Tang Bao replied, he heard Di Hao Tian's low laugh.

Tang Bao's face was even worse.

But there was no other way, she could only obediently follow Di Hao Tian's subordinates back.

Di Hao Tian's carriage was right outside the train station, and as if escorting a criminal, Tang Bao got on the carriage, his hands were just missing the handcuffs.

The inside of the carriage was spacious, so Tang Bao sat in the seat furthest away from Di Hao Tian. As soon as she sat down, the car steadied itself and drove away from the train station.

There was a wave of depression in the carriage.

"In order to escape, they even sold their wedding rings. How should I punish you, baby?" Di Hao Tian crossed his long legs, his lazy and profound posture causing a pair of deep eyes to stare fixedly at the small, downcast face across from him.

"I don't have that much money on me, so there must be a lot of things I need to spend." Tang Bao's expression was a little unnatural.

"A diamond ring worth eight hundred million gold coins. You sold it for fifty thousand gold coins. You really shouldn't have."

"What?" Eight hundred million? You must be joking, right?" However, Di Hao Tian's calm face did not seem like he was joking. Tang Bao was unhappy. That boss said it was only worth fifty thousand, and said fifty thousand was already not bad, but he lied to me. The next time I see him, let's see how I'll deal with him. "

"You still have the mood to care about others?" Di Hao Tian squinted his long and narrow eyes; it was extremely dangerous.

Tang Bao's little heart shrank, and said: "How did I offend you, and why did

you catch me and not let go? You tell me, I apologize to you, I make up for it. "Can I?"

Di Hao Tian looked distressed, his thin lips curving into a sexy smile: "No way. The more you run, the more interested I am in you. "

Tang Bao felt that this person's hobbies were truly terrifying.

Maybe Di Hao Tian was already an extraordinary person, and his way of doing things made it impossible for others to guess.

"Yes." There's only one chance to make a mistake with me. Don't ever do it again. Otherwise, you will know that when I am angry, I will strip you of your appearance, and you will not be able to take it. "Hmm?"

Tang Bao's face was hot.

How could he say such shameless words?

As he was lost in thought, his hands became a little cold. When Tang Bao recovered his senses, he saw the pink diamond ring that was worth eight hundred million once again on her ring finger. It didn't feel like it had anything to do with happiness, it felt more like handcuffs.

"Don't take it down again." Extremely powerful.

Fighting against Di Hao Tian, the final result would definitely be a tragic tragedy for Tang Bao, there wasn't even a need to think about it.

Tang Bao was very gloomy.

"I agree to your request, but I also have a request." Tang Bao proposed.

"Speak."

"We're married, but I don't want my family to know." Tang Bao's face turned gloomy.

"The reason."

Tang Bao frowned slightly. "I don't believe that you don't know."

## C9

I'd rather hear it from you."

"It's nothing, I'm the only one who doesn't have a good relationship with my family. I don't want to tell them."

"Sure."

The curtains on the windows were drawn back so that the outside could not be seen, nor could the inside. Tang Bao lowered her gaze and stared at her fingers in a daze.

After her mother passed away, her father Tang Qi Shan married Tang Ru Yi's mother, Zhou Xiang Ting. The two families could be considered as a team. Naturally, the conflict was not small.

Tang Bao felt that no matter how distant she was from the outside, she still had her biological father.

However, time had proven that her relationship with Tang Qi Shan was getting stranger and stranger. No matter what happened, they would side with Zhou Xiang Ting and her daughter, as if Tang Ru Yi was his own daughter.

had once tried to make the gap between the two of them narrow down, to the point that it had even disappeared.

Tang Bao hated her father, so she didn't want to tell any of them about this matter at all.

Di Hao Tian stared at Tang Bao's face which was slightly deep and cold.

Tang Bao felt the cold and sharp gaze, raised her head, and the cold feeling disappeared. Only Di Hao Tian's deep and serene black eyes remained.

Was it her imagination?

"I can help you." A cold sternness swept past Di Hao Tian's black eyes.

"No need, it's just a family conflict. I can solve it myself." Tang Bao rejected it, because Di Hao Tian's actions were too scary. Tang Family would definitely not be able to take the consequences. Furthermore, she did not want to be helped by Di Hao Tian. " "Oh right, I have lessons in the afternoon, and I'm going to school."

"No rush, let's return to the castle." Regarding the matters of the Tang Family, Di Hao Tian did not force her, and let her be.

Lunch in the castle, whether it was food or food, everything was very expensive, even the chopsticks were all pure silver. However, she didn't care at all.

If Di Hao Tian released her, she would be the most grateful.

After setting up the tableware, the manager stood by his side and said respectfully: "Young madam, I am the manager of the castle, Li En. This was the vice administrator, Zhang Li. If you have any requests for food and clothing, you can tell us that we will arrange it properly for Young Madam. "

Tang Bao looked at Li En and Zhang Li, shook her head and said: "No need, I will eat whatever you guys prepare. Oh, that's right, don't call me young madam, my name is Tang Bao, Baby, Bao Er can call me whatever you want. "

"This ..." Li En was troubled.

"Can't? "But you said just now that you have some requests that I can ask you guys, right? My request isn't that big, right?" Tang Bao asked curiously.

This was probably the first time in many years that Li En had been put in such a difficult position due to his' request'.

"The first rule of this place is that those who violate the rules should leave this place." Di Hao Tian spoke with a strict tone that could not be defied.

Tang Bao stared: "You are too overbearing."

"In the future, you will know that I will only become more tyrannical." Di Hao Tian used his chopsticks to pick up the dishes and placed them into Tang Bao's bowl. "Eat."

Tang Bao bit her soft lips. To her, this was already very tyrannical, and she could not imagine what it would be like to be 'more tyrannical'.

She felt that she wasn't used to this kind of expert at all.

After eating, Tang Bao went to school. Once they entered the classroom, they were pulled out by Wan Mi Lai. Wan Mi Lai's expression was extremely excited, or worried. The facts proved that she was in high spirits.

"What exactly is going on? How did you become Di Hao Tian's wife? "Let me tell you, you will become a public enemy!"

Tang Bao was nervous: "You didn't tell anyone else did you?"

## C10

"Of course not. You haven't told me yet. The media was reporting that the second young master of the Di family was getting married? The groom has already become Di Hao Tian, but he has not kicked you out. This was too unbelievable. He is the king of the imperial city! " Wan Mi Lai was unable to describe how she was feeling. She didn't recover even after an entire day and night.

"If you ask me, I'm as confused as you are. Who knows what kind of nerve Di Hao Tian has to marry me? I wish I could stay away from him. " Tang Bao could only feel vexed.

"Hey, you are asking for a beating by speaking like that. I think he probably fell in love with you at first sight and then went along with it. " Wan Mi Lai played with his imagination. He clasped his hands together, looking very excited.

"Have you seen too much of the domineering CEO?" Can't you be more realistic? I think he had some shady purpose. "In short, I will find out. When the time comes, I will divorce him!" Tang Bao clenched her fist and swore.

"Have you thought it through? Women who wanted to marry Di Hao Tian could go around the imperial city a few times, they had to sharpen their heads and crawl into his embrace. Do you know what your current status is? Wow,

this is the diamond ring from the wedding? So beautiful! It was still pink! It must be very valuable! " Wan Mi Lai held onto Tang Bao's finger, and stared at him as if he was bowing.

Of course it's valuable, 800 million! In her ordinary university, which one had so much money? A ring can buy several of these schools.

Tang Bao retracted his hand, and said unhappily: "Don't be crazy about it, okay? You like it so much, you're married. "Also, if anyone asks, tell them that I bought it at a 10 yuan store."

"You really don't know your fortune when you're lucky." Wan Mi Lai sighed.

"You clearly know that the person I like is the gentle and refined Di Jun Bai, and not that demon Di Hao Tian." Tang Bao said angrily.

"Now that he's your brother-in-law, don't let your imagination run wild." Wan Mi Lai reminded her.

How could Tang Bao not know that? She stomped her feet in anger: "So annoying!"

After Tang Bao finished her lessons, she first went back to his room to retrieve her phone. There was a call from Tang Qi Shan. She ignored her and took her things before leaving the room.

Back at the castle, she really didn't want to go back.

This was what she thought of Prince Charming.

Di Jun Bai sensed that someone was around and turned around. When he saw her, he couldn't help but smile.

"You're back?"

Tang Bao walked over and asked: "On the day of the wedding, did you do it on purpose? "Why would you do that?"

"You mean the news about my wedding? "Perhaps what big brother means is that he wants to protect you. To me, it's not that important." Di Jun Bai said in understanding.

Hearing this, Tang Bao understood that Di Jun Bai did not know that she was going to steal the marriage. Everything was under Di Hao Tian's control and no one else knew of it.

What nonsense.

Fortunately, Di Jun Bai and Di Hao Tian did not plot against her.

"That's not it, let me tell you ..." Tang Bao wanted to explain, but the words suddenly stopped, stuck in his throat, and was swallowed.
